

Summer Camp Safety Protocols

(In Order of the Day)

Here's our plan to offer our weekly table tennis camps in an enriching environment where your child's table tennis IQ can soar safely and effectively in a small group setting.

- Campers and their legal guardian will check in to the facility no more than 5-10 minutes before their scheduled session begins.
- If multiple campers arrive at the same time, staff will direct the flow of traffic into the main lobby. Please wait outside or in your car until you are called.
- All parties are required to wear masks to enter the facility.
- Masks must be worn at all times except when out on the designated playing area. Staff and coaches will follow the same guidelines.
- Parents or legal guardians will present a signed copy of the waiver form. The waiver will be emailed on the Friday prior to Monday start.
- Student and legal guardian will undergo a daily temperature check prior to each entry of the facility. All students will also be screened using a daily health questionnaire.
- Students will be issued a name tag and a numbered rental paddle. This paddle will be sanitized before, during and after play is complete for the day. For example, George is given paddle #7. This is his personal paddle for the entire session.
- Students will be escorted out onto the playing area by a coach or staff member and given a personal cubbie for the day.
- Once all campers have checked in play will begin.
- Coaches will designate specific tables for each student which are placed 15 feet apart. Students will remain on that specific table throughout the day and the table will be sanitized often.
- Throughout the day, the camp director will pull students off the playing floor one at a time to sanitize hands and or use the bathroom

facilities. Campers have the option to take a break at any time with the permission of coach or staff.

- AM and PM students will have a 15-20 minute break in the lounge room. Full Day students will have an additional 1 hour break from 12-1 pm. This will be done in small groups with a maximum number of 5 students at a time. All students will be given designated seats that are socially distanced no less than 6 feet apart. Masks must be worn except when eating or drinking.
- Students may bring their own snacks and beverages. We also have them for sale and range from \$1-\$2 per item.
- Under no circumstances will snacks or beverages be shared with anyone.
- During every break the staff will sanitize all frequently touched surfaces including tables, paddles, balls, barriers, sanitizer pumps and bathrooms.
- Legal guardians will arrive 5-10 minutes prior to the completion of the students scheduled session for pickup. There is no aftercare available at this time. If for any reason you are running late please call the club and notify the camp director immediately. Students will then be given a designated area to wait until their legal guardian arrives.

Our main goal is to provide a safe and fun environment for your child to enjoy the wonderful sport of table tennis! During the week students will learn basic skills such as forehand/backhand stroke, form and footwork, serving techniques, etiquette and rules of the game. This will include physical agility training, developmental drills, tournament simulated matches and 1 on 1 coaching!
